WEDNESDAY 10AM

10-29-14

LA / Long Beach Port Boat Tour & AMECS demonstration

Tour the Port of Los Angeles and Long Beach, the nations largest port complex and the regions number one source of air pollution. The tour will focus on efforts and strides that the port authorities have been implementing and the policies that the environmental health community have been advocating for.

The tour will focus and highlight the AMEC System. AMECS captures and removes airborne emissions from auxiliary engines and auxiliary boilers of ocean-going vessels.

This tour is sponsored by Advanced Cleanup Technologies
